Peter, et al.,

Hello.

After going downtown and sitting outside the building to catch the WiFi network and having a couple of IT people walk me through a number of steps, I am once again able to access my computer. I have a lot of digging out to do, but I figured that I would check with you all to see what I should focus on first and what the timing of certain issues needing review might be, so I can prioritize.

Thanks,
Clarke

Thanks, Lucy. If helpful for others, I can place a clean copy with Lucy's edits on a one-drive to consolidate remaining input.

GM

Letter looks good. My few comments seek to reinforce the theme of protecting DW and the people who are drinking it. Edit in first paragraph may be a little awkwardly phrased so feel free to improve it.

Thank you for all the hard work on this important communication...

Jeff/all:

Here is the next draft of the Umatilla letter. I need your involvement/edits to finalize the letter based on your preferences.

This revised draft is based on your input last week to:

- Focus on private wells and concerns about adequate public notice
- Summarize EPA's understanding of what we learned for OHA, DEQ & ODA
- Ask agencies to confirm or clarify our understanding &
- Provide a bulleted 1 page overview that can be used for RA briefing

Next Steps:

Clarke/ORC has not reviewed the letter – does not have computer access

Jeff – I need to work with you to verify the census/well information in the attachment

All – finalize letter with edits/concurrence

Jeff/Matt – coordinate ECAD/WD Director review of letter, RA check in & David Fotouhi/OGC review before signing.

Thanks,

Peter

Hi everyone

Sorry I missed the meeting yesterday. I just looked at the letter, and I like the revised focus

A few thoughts: **Ex. 5 Deliberative Process (DP)**
Ex. 5 Deliberative Process (DP)

Ex. 5 Deliberative Process (DP)

Ex. 5 Deliberative Process (DP)

I inserted a few comments in places where I think we can revise sentences to better get at confirming information instead of asking opinion...

Hope that helps. Am in Kaizen event most of the day today also (and tomorrow and Friday) but can respond later if needed.....
